

Course Profile

Paediatric First Aid

Venue or In-House

Duration

2 days – usually 9.00am to 4.30pm

Description

This course aims to train delegates up to OFSTED and PFAA standards for First Aid for Babies and Young Children.

Objectives

On completion of the course, candidates will be able to recognise and deal with:

- + The principles of First Aid
- + Emergency Actions
- + Unconscious casualties
- + Non-breathing casualties
- + A casualty whose heart has stopped
- + Severe and minor bleeding
- + Trauma
- + Shock
- + Burns & scalds
- + Poisoning
- + Bone, joint and muscle injuries
- + Effects of temperature
- + Childhood ailments and medical emergencies
- + Administration of medication and record keeping
- + Dressings and First Aid Kits

Prerequisites

Nil – however, delegates are required to be physically fit and have the aptitude and ability to cope with an intense course of study and practical activity. Previous attendance on a First Aid course would be an advantage.

Suitability

This course is intended for nursery nurses or people in charge of, or working with, babies and young children.

Typical interest groups:

Teachers, Welfare Assistants, Care Assistants, Midday Supervisors, Play Leaders/Assistants etc.

Qualification

The course will be assessed on a continual basis and the resulting evidence can be used for NVQ Assessment in Early Years Care and Education. Delegates will receive a certificate for 12 hours Paediatric First Aid.

Course size

Maximum course size 12.
